

Technology Concepts

Technology is the new competitive edge for business. Successful business leaders must understand the impact of technology and know how to effectively harness it to drive their business success.

Competencies

The written objective test may include questions on the internet and web sites, computer applications and integration, networking, telecommunications, as well as basic technology and business equipment.

Business Education Curriculum Standards:

Information Technology

Eligibility

Each chapter may enter members who are on record in the FBLA-PBL Online Membership System as having paid dues by the officially published deadline for the current school year. No member may have participated in this event at a previous NLC.

Procedure

A one-hour online objective test will be administered based on the listed competencies.

A calculator function is included in the online testing software. No additional calculator or other device may be used during testing.
